County Surveyor	DOCUMENT NO. 162735

## Statement of Evidence: NORTHEAST CORNER SECTION 34, T114N, R40W

The original Public Land Survey was run in 1864 and a wood post was set in a mound with pits to mark the corner.

In 1889, Jonah Peterman, set a stone in the corner by an affidavit of J. B. Johnson and Sever Burr Jr.

In 1901 John Norgaard, County Surveyor, found the stone set by Peterman and placed a 6 inch x 6 inch x 24 inch Jasper monuemnt to perpetuate the corner location.

In 1916, Norgaard located the Jasper monument.

The Yellow Medicine County Highway Department found the Jasper monument, date unknown, and placed a 4 foot steel post on top of it.

Oscar Olson replaced the post with an iron pin during a grading job.

In 1966 and 1971 the Yellow Medicine County Highway Department excavated, found the Jasper monument, and placed an iron pin over it.

An analysis of the record data dating to the original monument provides a continuous chain of perpetuation of the original Public Land Survey corner.

For details of survey analysis and 1972 electronic survey measurements, see Survey Report for S.P. 4203 and 8701 on file in the Surveys Section, Minnesota Highway Department, Willmar, Minnesota.
