Statement of Evidence: Northeast Corner Section 16, Township 114N, Range 38W.

The original Public Land Survey was run in 1864 and a post was set in a mound with pits to mark the corner.

In 1891, Jonah Peterman found the original government corner.

In 1901, John Norgaard found a stone and set a jasper monument to mark the corner.

In 1923, John Norgaard found the jasper monument inplace.

In 1941, the MHD found a stone monument inplace.

On May 6, 1975, the Minnesota Highway Department found a 6"x6"x24" jasper monument.

The origin of the stone could not be determined.

An analysis of the record data indicates that the jasper monument is in the accepted location of the Public Land Survey corner.
