Statement of Evidence

In 1858, W. J. Neeley did the original survey of the north line of the township.

On September 23, 1921, John Norgaard found a stone at the corner in line with the fence line running north.

On March 23, 2012, Bueltel-Moseng Land Surveying dug with a backhoe and found 3 stones stacked on top of each other, just below the gravel surface, with a pointed oak stake next to them. We removed the top 2 stones and set a cast iron monument over the lower stone.
