☐ County Surveyor ☐ County Engineer	

STATEMENT OF EVIDENCE:

NORTH QUARTER OF SECTION 35, T114N, R46W, 5TH PM

1871 Corner was originally established by the U.S. General Land Office as a post set in raised mound.

1909 John Norgaard, County Surveyor, completed a survey in Section 34, Surveyors Record Book page 196, in which he set stone on line and at equal distances between section corners (2631').

2017-10-25 Westwood PS searched the area and found a 1/2" open pipe which fits the distance from the 1909 survey of Section 35. Accepting as the corner location and set 3 reference ties.
