In November, 1867, David Watson, General Land Office Deputy Surveyor performing the original survey of the subdivision lines set a wood post in mound with pits.

On June 7, 2023, KLJ dug and found a $\frac{1}{2}$ " rebar capped iron monument set by Roy Marihart, MN LS 19092, and accepted the monument as the North $\frac{1}{4}$ corner. It appears that Roy set his iron at a straight line single proportion east and west for the North $\frac{1}{4}$ corner position.

On June 20, 2023, KLJ contacted Roy Marihart, MN LS 19092 and he stated that he is retired and he is not going to file corner certificates on any of his Section corner monuments.
