

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

Center Quarter _____ Corner of Section 3, Township 116N, Range 40W, 5th P.M.
STATE OF MINNESOTA, County of Yellow Medicine

At the corner location shown on the sketch:

- On _____ found a _____
DATE
- left monument as found, lowered monument, removed monument (explain)
- On June 17, 1980 placed a brass disc marked center Sec. 3 on 3/4"x24" iron pin
DATE
in concrete pavement 4.4 ft. S.W. of center line T.H. 212.

Statement of evidence relative to this corner location is on back of page.

I hereby certify that this document and the data contained herein was prepared by me or under my direct supervision.

County Recorder Norman J. Opdahl

By Kay Nordahl, Deputy

DOCUMENT NO. 177654

Statement of Evidence: Center of Section 3-116-40 (Center Quarter Corner)

- 1865 - The original Public Land Survey was done by Charles E. Davis. The center of section was not monumented in the original survey.
- 1872 - Daniels subdivided Government Lot 1 into 9 separate tracts.
- 1874 - see below
- 1980 - D.K. Kohanek, R.L.S. for Mn/DOT set a $\frac{3}{4}$ "x24" iron pin with brass disc on top marked Center Sec. 3 in the concrete pavement 4.4 feet southwest of the centerline of T.H. 212.

Being that the Minnesota River runs diagonally through Section 3 from near the northwest corner to the southeast corner and the river was meandered, the center of section could not be determined in a normal manner; that is, at the intersection of quarter lines. The southeast corner of the section was not set because it would have been located in the river. The north quarter corner and east quarter corner were set in a survey independent of the survey in which the west quarter corner and south quarter corner were set.

Therefore, the center of section was set by a derivative method. Three or four property owners were interviewed as to where their property lines are and as to the location of the north/south quarter line. It was initially thought that the north/south quarter line ran down the center of an old road which was called the Yellowstone Trail. However, after tracing Daniel's and Moyer's surveys and line fences it was determined that the north/south quarter-line is 33 feet west of the center of the Yellowstone Trail. It was also determined that the center of section is 331 feet south of an east/west fence and 1237 feet south of Mr. Tanhoff's north property line. Moyer's survey showed the center of section to be 330 feet south of the property line along the east/west fence and Daniel's survey shows the north line of the Tanhoff property to be 1238.16 feet north of the center of section. All electronic measured distances checked Moyer's and Daniel's distances within 0.5%.

This is an acceptable location for the center of section because it substantially fits the location that has been used for surveys over the past 109 years.

For further survey information, contact the Mn/DOT Surveys Section at Willmar, Mn.

- 1874 - L. R. Moyer, County Surveyor, determined the location of the center of section by surveying from the west quarter corner and the south quarter corner. He also did survey work in Government Lots 2 and 3.

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

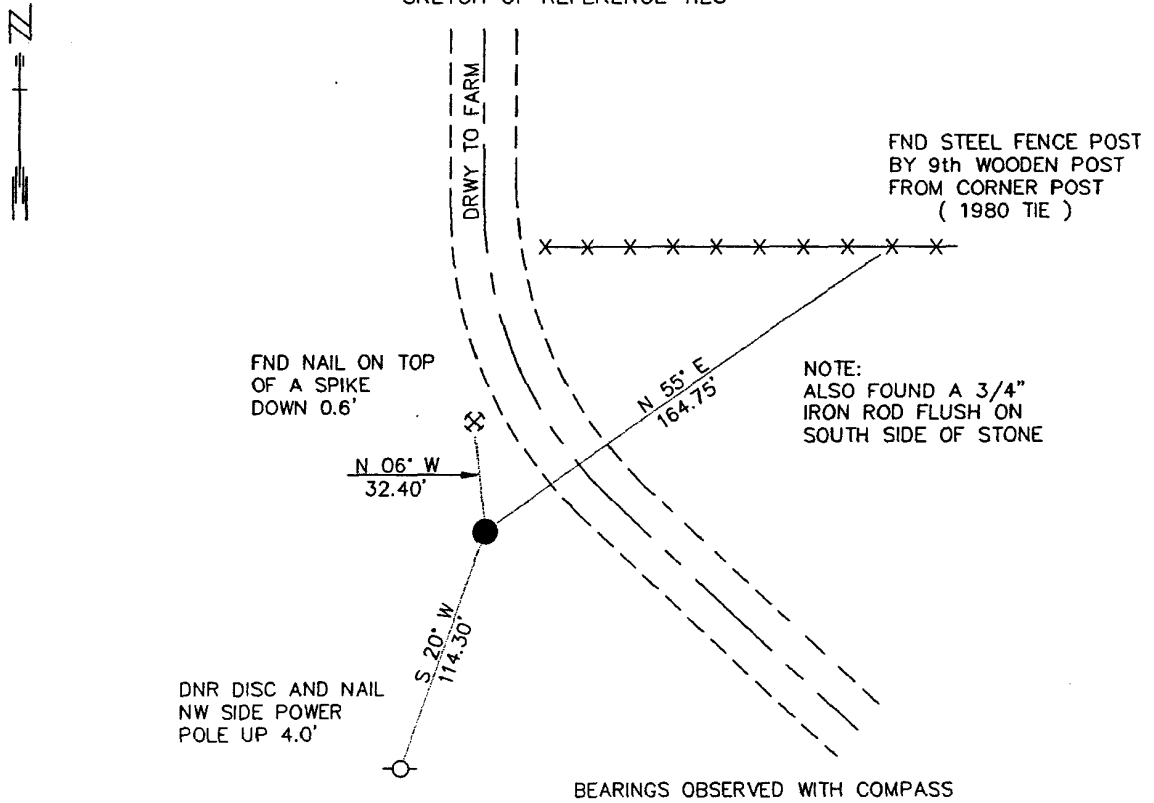

EAST QUARTER Corner of Section 4, Township 116 N., Range 40 W., 5th P.M.

STATE OF MINNESOTA, County of YELLOW MEDICINE

At the corner location shown on the sketch:

DOCUMENT NO. 200405

N/C Send copy to Sheppard

The DNR Bureau of Engineering contacted the following for survey information:

Minnesota Secretary of State's Office
Mn/DOT Offices in St. Paul and Willmar
Yellow Medicine County Offices of the Recorder and Highway Engineer
Montevideo City Engineer's Office

- 1865 U.S. General Land Office notes obtained from the Secretary of State's Office show corner marked with a wood post in a mound with pits as per instructions.
- 1872 A plat of Government Lot 1 of Section 3 obtained from the County Recorder's Office by G. N. Daniels, Surveyor, states that the quarter post at this corner is:
40.20 chains (2653.20') from the center of Section 3
- 1874 November, L. R. Moyer's Field Book 3, page 49, obtained from the Montevideo City Engineer's Office shows corner but does not indicate what was found or set. The corner is shown:
40.22 chains (2654.52') from the center of Section 3
39.95 chains (2636.70') from the northeast corner of Section 9
- 1894 December, Page 112 of a Surveyor's Record Book obtained from the County Recorder's Office contains a survey by John Norgaard. Survey states that a stake in a mound, which is said to be the old post located by Moyer, was found at corner.
- 1896 October, L. R. Moyer's Field Book 8, page 74, obtained from the Montevideo City Engineer's Office shows a stone and old quarter post at corner but does not indicate if found or set. The corner is shown:
40.10 chains (2646.60') from the northeast corner of Section 9
35.98 chains (2374.68') from the northeast corner of Section 4
- No Date Page 11 of a Surveyor's Record Book obtained from the County Recorder's Office contains a survey, surveyor not indicated. Survey shows corner but does not indicate what was found or set. The corner is shown:
20.30 chains (1339.80') from the center of Section 3
- 1941 A book that contains ties to government corners obtained from the County Highway Engineer's Office shows that a stone was found at the surface at corner. The following ties are shown to corner:
fourth fence post, south-southeast, 79.9 feet
eighth fence post, east-southeast, 112.2 feet
12" Elm, north, 159.7 feet
- 1980 June, A Certificate of Location of Government Corner signed by Robert C. Jones, RLS #11864, obtained from the County Recorder's Office states that an 18" by 20" by 6" field stone was found down 6" at corner. A 3/4" by 24" long iron pin was set on the south side of the stone and a 6" long Mn/DOT cast iron monument was set over the stone. The following ties are shown to corner:
a) in line with center line of farm driveway north
b) copper nail and disk in southeast side of third wood post from fence corner, north-northeast, 90.27 feet

- c) front face of steel post painted orange by ninth wood post from fence corner, northeast, 164.72 feet
- d) copper nail and disk in southeast side of power pole, southwest, 114.40 feet
- e) southeast side of steel fence post, north-northwest, 117.20 feet

1980 A subdivision of Section 3 obtained from the Mn/DOT Office in Willmar shows that an 18" by 20" by 6" stone was found at corner. The corner is shown:

- 2669.81 feet from the center of Section 3
- 2643.11 feet from the northeast corner of Section 9
- 2373.81 feet from the northeast corner of Section 4

1991 July, DNR Bureau of Engineering found a cast iron monument at corner. Searched for and found one record tie as shown on sketch of reference ties.

Analysis of the above information led the DNR Bureau of Engineering to conclude that the found cast iron monument which was set over a stone marks the original location of the corner as monumented by L. R. Moyer in 1896.

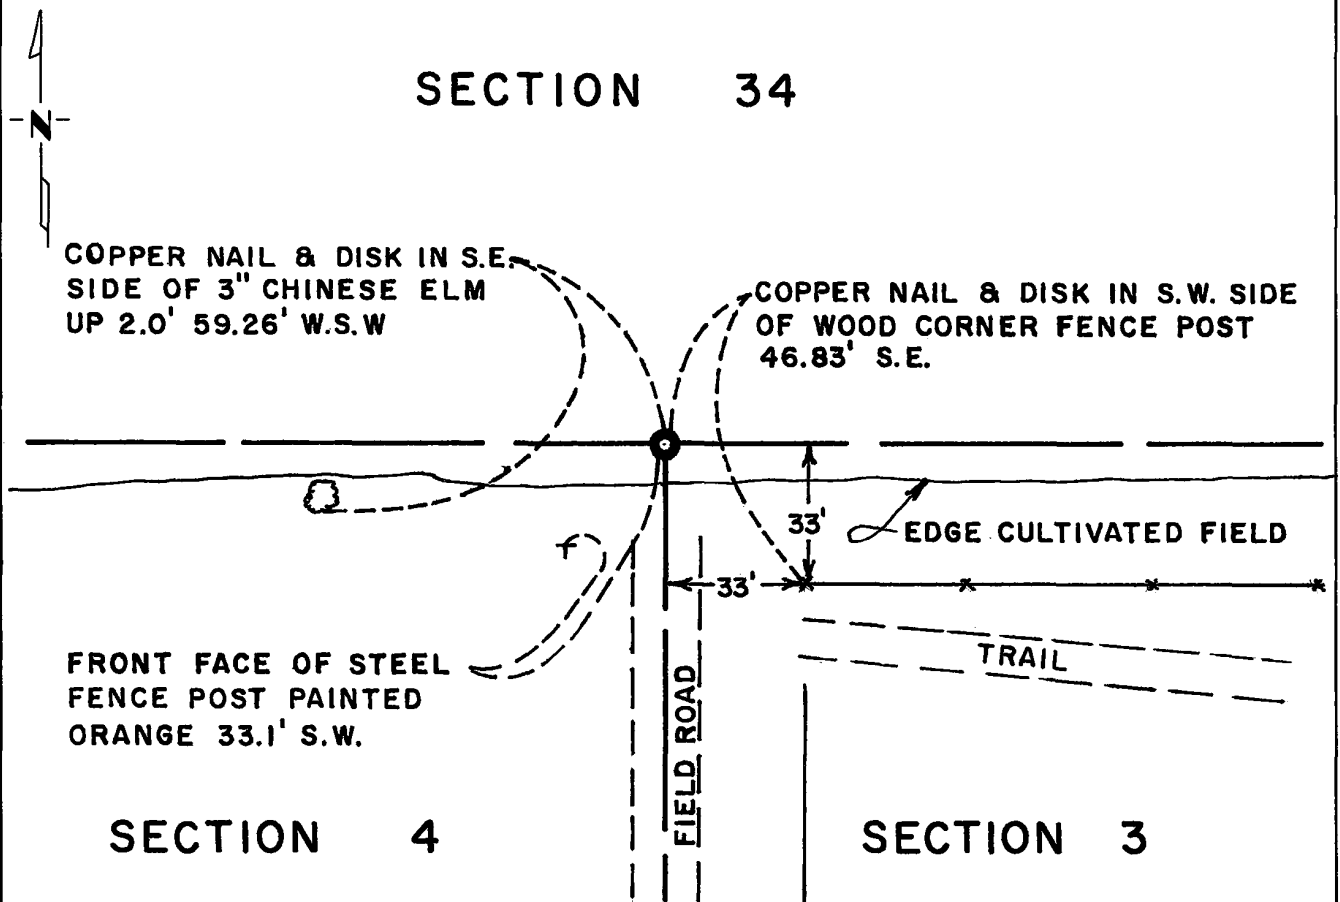

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

Northeast Corner of Section 4, Township 116N, Range 40W, 5th P.M.
 STATE OF MINNESOTA, County of Yellow Medicine

At the corner location shown on the sketch:

- On June 17, 1980 found a Hole where a 6"x6"x24" granite monument had been
DATE
found in 1963.
 - left monument as found, lowered monument, removed monument (explain)
- On June 17, 1980 placed a 3/4"x24" iron pin below a 4" diameter by 20" long cast
DATE
iron monument - the top of the cast iron mon. is 14" below ground

County Recorder Norman J. Opdahl
 By Kay Nordahl, Deputy
 DOCUMENT NO. 177655

Statement of Evidence: Northeast Corner of Section 4, T116N, R40W

- 1858 - The original Public Land Survey for the Fourth Standard Parallel was made by William J. Neely.
- 1865 - The original Public Land Survey to divide T116N, R40W into sections was done by Charles E. Davis. A wood post was set in a dirt mound and pits were dug to mark the corner.
- 1874 - L.R. Moyer found the government corner and used for a survey in Section 3-116-40.
- 1896 - L.R. Moyer found the old government post and set a field stone to mark the corner.
- 1902 - John Norgaard, Yellow Medicine County Surveyor, found a stake and a field stone marking the corner and set a 6"x6"x24" granite monument to mark the corner.
- 1941 - A Yellow Medicine County Highway Department survey crew found the granite monument.
- 1963 - A Yellow Medicine County Highway Department survey crew found the granite monument.
- 1980 - D.K. Kohanek, R.L.S. with Mn/DOT, found that the granite monument had been removed. It was in a pile of rocks somewhere east of the location of the section corner. In talking with Glen Hildahl, an adjacent property owner, and with Ron O'Toole, surveyor with the County Highway Department he determined that the corner should be about 33 feet north and 33 feet west of a ~~field~~ *fence* corner field road to the south. A careful excavation was made in the plowing and a square hole was found that fit the dimensions of the granite monument exactly. A $\frac{3}{4}$ "x24" iron pin was placed below a standard Mn/DOT cast iron monument in the found hole. The top of the cast iron monument is 14" below ground.

in line with

The location of the found hole is accepted as the location of the N.E. Cor. of Sec. 4 because record evidence indicates this is the perpetuation of the original P.L.S. corner and it fits the location where Mr. Hildahl and Mr. O'Toole last saw the granite monument in place.

For further survey information, contact the Mn/DOT Surveys Section in Willmar, Mn.

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

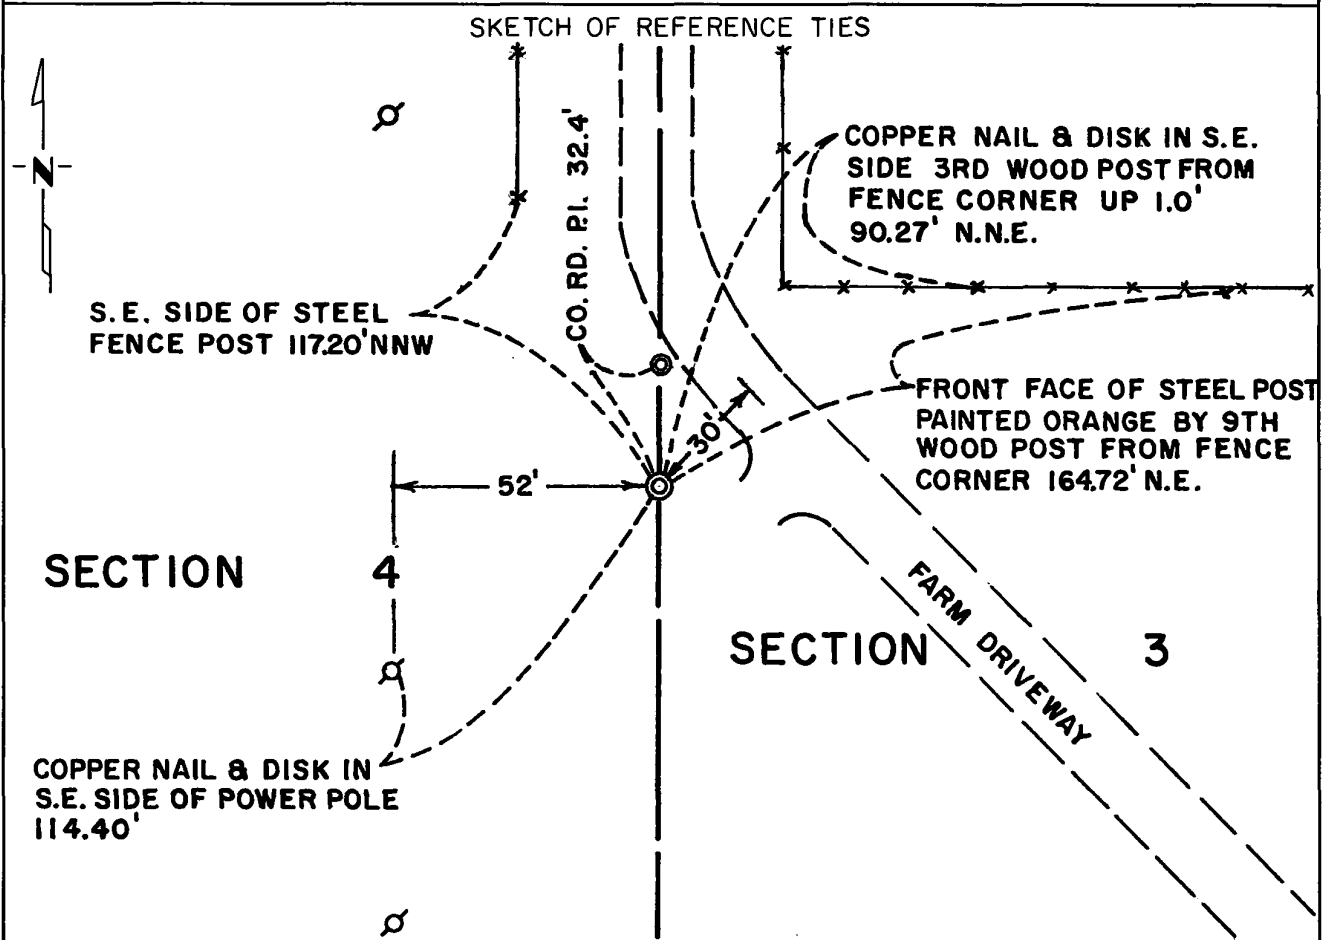

East Quarter _____ Corner of Section 4, Township 116N, Range 40W, 5th P.M.
STATE OF MINNESOTA, County of Yellow Medicine

At the corner location shown on the sketch:

On June 16, 1980 found a field stone measuring 18"x20"x6" about 6" below the ground

left monument as found, lowered monument, removed monument (explain)

On June 17, 1980 placed a 3/4"x24" iron pin flush with top of stone, placed Mn/DOT cast iron monument (6" long) over stone - top is flush with ground

Statement of evidence relative to this corner location is on back of page.

By Kay Nerdahl, Deputy

DOCUMENT NO. 177653

Statement of Evidence: East Quarter Corner of Section 4-116-40

- 1865 - The original Public Land Survey was done by Charles E. Davis. A wood post was set in a dirt mound and pits were dug to mark the corner.
- 1874 - L. R. Moyer found the government corner and used it for a survey in Section 3-116-40.
- 1896 - L. R. Moyer found the government corner and set a field stone to mark the corner.
- 1980 - D. K. Kohanek, R.L.S. with Mn/DOT, found an 18"x20"x6" granite about 6" below ground. Set a $\frac{3}{4}$ "x24" iron pin on south side of the stone and drove the top of the pin flush with the top of the stone. Set a Mn/DOT cast iron monument over the stone so the top of the monument is flush with the ground. The cast iron monument is 6" long.

Record evidence indicates that the found stone is a perpetuation of the location of the original government corner. This location is 1 foot west and 2 feet north of the lost location.

For further survey information contact the Mn/DOT Surveys Section in Willmar, Mn.

The DNR Division of Lands and Minerals contacted the following for survey information:

Minnesota Secretary of State's Office
Chippewa County Recorder's Office
Yellow Medicine County Recorder's Office
Yellow Medicine County Highway Engineer's Office
Montevideo City Engineer's Office
MNDOT Offices in St. Paul and Willmar
Rodeberg and Berryman Consulting Engineers of Montevideo
Bonnema Surveys Inc. of Willmar
Bueltel Moseng of Marshall

1865 U.S. General Land Office notes, obtained from the Secretary of State's Office, show the corner marked with a wood post with the following bearing trees:

12" Lynn, North $87 \frac{1}{2}^{\circ}$ East 43 links (28.38 feet)
8" Lynn, North $83 \frac{1}{2}^{\circ}$ West, 24 links (15.84 feet)

The corner is shown:

35.63 chains (2351.58 feet) from the east quarter corner of Section 10

The notes also show that a line north of this meander corner was not measured.

1875 May 10, a plat of Government Lot 1 of Section 2 and Government Lots 3,4,5,6 of Section 11, by L.C. Laired, Surveyor, obtained from the Yellow Medicine County Recorder's Office, states the following:

"I do hereby certify that the above plat is a correct representation of a survey made by L.R. Moyer Oct 24,25 and 26 A.D.1870."

No reference is made to the meander corner but a point is shown as follows:

on the south bank of the Minnesota River and on the west line of Section 11

A distance of 40 chains is shown along the west line of Section 11 north of the west quarter corner of Section 11.

1932 Page 208 of a Surveyor's Record Book, obtained from the Yellow Medicine County Recorder's Office, contains a survey in Section 11 by John Norgaard. Survey states:

"beginning at the Minnesota River thence south on section line 572 ft ..."

572 ft is shown on top of the following which has lines drawn thru it:

"..to fence corner on top of bluff.."

Survey does not give any information about Meander Corner Number 3 or the west quarter corner of Section 11.

2007 November, the DNR Division of Lands and Minerals determined that the GLO distance of 2351.58 feet north of the east quarter corner of Section 10 is currently in the Minnesota River.

When no evidence of the corner is found it's considered lost, and according to the Manual of Instructions for the Survey of the Public Land of the United States, 1973, prepared by the Bureau of Land Management, U.S. Dept. of the Interior, in Chapter 5-45 which states: "Where a line has been terminated with measurement in one direction only, a lost corner will be restored by record bearing and distance, counting from the nearest regular corner, the latter having been duly identified or restored."

A north-south fence line was located 1507 feet and 1942 feet north of the east quarter corner of Section 10. Then a position for the meander corner was computed on the northerly extension of the fence at the GLO distance of 2351.58 feet from the east quarter corner of Section 10.

Analysis of the available information led the DNR Division of Lands and Minerals to conclude that the above computed position for corner marks its location.

A reference monument to the meander corner was set on the east line of Section 10 as shown on the sketch of reference ties.

Yellow Medicine County Highway Engineer's Office
Montevideo City Engineer's Office
MNDOT Offices in St. Paul and Willmar
Rodeberg and Berryman Consulting Engineers of Montevideo
Bonnema Surveys Inc. of Willmar
Bueltel Moseng of Marshall

- 1865 U.S. General Land Office notes, obtained from the Secretary of State's Office, show the corner marked with a wood post in a mound with pits as per instructions.
- 1875 May 10, a plat of Government Lot 1 of Section 2 and Government Lots 3,4,5,6 of Section 11, by L.C. Laired, Surveyor, obtained from the Yellow Medicine County Recorder's Office, states the following:
"I do hereby certify that the above plat is a correct representation of a survey made by L.R. Moyer Oct 24,25 and 26 A.D.1870."
The following is shown by the quarter corner:
"lost ¼ post"
A distance of 40 chains is shown north of the ¼ corner and a distance of 65 chains is shown east of the ¼ corner.
- 1910 February 24, page 208 of a Surveyor's Record Book, obtained from the Yellow Medicine County Recorder's Office, contains a survey in Section 11 by John Norgaard. Survey states:
"beginning at a point 1320 feet east of the center of Section 11 ..."
Survey does not give any information about the west quarter corner of Section 11.
- 1932 Page 208 of a Surveyor's Record Book, obtained from the Yellow Medicine County Recorder's Office, contains a survey in Section 11 by John Norgaard. Survey states:
"beginning at the Minnesota River thence south on section line 572 ft ..."
572 ft is shown on top of the following which has lines drawn thru it:
"..to fence corner on top of bluff."
Survey does not give any information about Meander Corner Number 3 or the west quarter corner of Section 11.
- No Date A right-of-way map for U.S. Trunk Highway 212, obtained from the MNDOT Office in St. Paul shows a fence intersection at corner. No distances are shown to the corner.
- 2007 November 19, the DNR Division of Lands and Minerals found a corner fence post with fences north, south, east and west at corner. The area around the corner fence post was scanned with an electronic metal detector but the only metal attraction that was encountered was wire. Also, probed a 5 foot diameter area around the corner fence post in search of a stone monument but did not find one. A ¾ inch by 24 inch rebar with a plastic cap stamped "MN DNR LS 17003" was set next to the corner fence post and was found to be:
2633.66 feet from the northeast corner of Section 15

Analysis of the above information led the DNR Division of Lands and Minerals to conclude that the ¾ inch diameter by 24 inch long rebar with a plastic cap stamped "MN DNR LS 17003" set next to a corner fence post marks the obliterated location of the corner.

North Quarter Corner of Section 10, Township 116 North, Range 40 West

The DNR Bureau of Engineering contacted the following for survey information:

Minnesota Secretary of State's Office
Mn/DOT Offices in St. Paul and Willmar
Yellow Medicine County Offices of the Recorder and Highway Engineer
Montevideo City Engineer's Office

- 1865 U.S. General Land Office notes obtained from the Secretary of State's Office show corner marked with a wood post in a mound with pits as per instructions.
- 1872 A plat of Government Lot 1 of Section 3 obtained from the County Recorder's Office by G. N. Daniels, Surveyor, shows the center of Section 3 but no reference is given to the south quarter corner of Section 3.
- 1874 November, L. R. Moyer's Field Book 3, page 49, obtained from the Montevideo City Engineer's Office shows corner but does not indicate what was found or set. The corner is shown:
40.06 chains (2643.96') from the northeast corner of Section 9
40.09 chains (2645.94') from the center of Section 3
- No Date Page 11 of a Surveyor's Record Book obtained from the County Recorder's Office contains a survey, surveyor not indicated. Survey shows corner but does not indicate what was found or set. The corner is shown:
20 chains (1320.00') from the center of Section 3
- No Date A right-of-way map for U.S. Trunk Highway 212 obtained from the Mn/DOT Office in St. Paul shows the corner at the intersection of fences. A description of a monument at corner or a distance to it is not given.
- 1980 A subdivision of Section 3 obtained from the Mn/DOT Office in Willmar shows corner but does not indicate what was found or set. The corner is shown:
2647.78 feet from the northeast corner of Section 9
2656.20 feet from the center of Section 3
- 1980 Notes about government corners obtained from the Mn/DOT Office in Willmar state that the intersection of fences east and south was used for corner. A monument was not set to mark the location of the corner.
- 1991 July, DNR Bureau of Engineering found a 3/4" diameter iron rod up 0.2 of a foot at corner. The iron rod was found to be:
0.2 of a foot north of a fence east
in line with a fence south

Analysis of the above information led the DNR Bureau of Engineering to conclude that the found iron rod at the intersection of fences marks the obliterated location of the corner.

Title: Land Surveyor Professional Engineer County Surveyor County Engineer

Meander Corner Number 6 of Section 11, Township 116 North, Range 40 West

The DNR Division of Lands and Minerals contacted the following for survey information:

Minnesota Secretary of State's Office
Chippewa County Recorder's Office
Yellow Medicine County Recorder's Office
Yellow Medicine County Highway Engineer's Office
Montevideo City Engineer's Office
MNDOT Offices in St. Paul and Willmar
Rodeberg and Berryman Consulting Engineers of Montevideo
Bonnema Surveys Inc. of Willmar
Buettel Moseng of Marshall

1865 U.S. General Land Office notes, obtained from the Secretary of State's Office, show the corner marked with a wood post with the following bearing trees:

5" Elm, East 2.37 chains (156.42 feet)

5" Elm, North $80 \frac{3}{4}^{\circ}$ West, 3.67 chains (242.22 feet)

The corner is shown:

21.20 chains (1399.20 feet) from the southeast corner of Section 11

The notes also show that a line north of this meander corner was not measured.

No resurvey information was obtained for this corner.

2007 November, the DNR Division of Lands and Minerals determined that no occupation lines exist north of the southeast corner of Section 11.

When no evidence of the corner is found it's considered lost, and according to the Manual of Instructions for the Survey of the Public Land of the United States, 1973, prepared by the Bureau of Land Management, U.S. Dept. of the Interior, in Chapter 5-45 which states: "Where a line has been terminated with measurement in one direction only, a lost corner will be restored by record bearing and distance, counting from the nearest regular corner, the latter having been duly identified or restored."

Then the lost position for the meander corner was computed on a solar bearing north of the southeast corner of Section 11 at the GLO distance of 1399.20 feet from the southeast corner of Section 11. A field search was conducted at the computed lost position for evidence of the GLO bearing trees but found no evidence of them.

Analysis of the available information led the DNR Division of Lands and Minerals to conclude that the computed lost position for corner marks its location.

Title: Land Surveyor Professional Engineer County Surveyor County Engineer

The DNR Division of Lands and Minerals contacted the following for survey information:

Minnesota Secretary of State's Office
Chippewa County Recorder's Office
Yellow Medicine County Recorder's Office
Yellow Medicine County Highway Engineer's Office
Montevideo City Engineer's Office
MNDOT Offices in St. Paul and Willmar
Rodeberg and Berryman Consulting Engineers of Montevideo
Bonnema Surveys Inc. of Willmar
Bueltel Moseng of Marshall

1865 U.S. General Land Office notes, obtained from the Secretary of State's Office, show the corner marked with a wood post in a mound with pits as per instructions.

1901 September 27, Surveyor's Record Book B, obtained from the Yellow Medicine County Recorder's Office, contains John Norgaard's, County Surveyor, remonumentation notes for section corners in Yellow Medicine County. A note on page 58 states the following about the corner:

found fence post set by John Mooney in the government mound, set top of monument
3" above ground

Norgaard set 6" by 6" by 24" cut jasper granite stones for monuments

1918 July, page 412 of a Surveyor's Record Book, obtained from the Yellow Medicine County Recorder's Office, contains a survey in Section 13 by John Norgaard, County Surveyor. Survey shows corner but does not indicate what kind of monument was found or set. The following is noted:

"I made a subdivision of the section over 20 years ago"

No Page 208 of a Surveyor's Record Book, obtained from the Yellow Medicine County
Date Recorder's Office, contains a survey in Section 11 by John Norgaard. Survey shows corner but does not indicate what kind of monument was found or set. The corner is shown:

2634.9 feet from the north quarter corner of Section 14

No A right-of-way map for U.S. Trunk Highway 212, obtained from the MNDOT Office in St. Paul
Date shows a symbol for corner but does not indicate what kind of monument was found or set. The corner is shown:

2121.0 feet from POC Station 393+67.9

2630.5 feet from the north quarter corner of Section 14

2005 July 20, a Certificate of Survey in Sections 13,14, 24 of Township 116 North, Range 40 West, obtained from Roy Marihart, LS 19092, shows a 1 1/2 inch iron pipe in place at corner. The corner is shown:

2630.02 feet from the north quarter corner of Section 14

2652.35 feet from the east quarter corner of Section 14

2007 November 19, the DNR Division of Lands and Minerals found a 1 1/4 inch diameter by 42 inch long iron pipe at corner, 0.2 of a foot below the surface. A backhoe was hired to dig for the record stone and a 10 foot by 10 foot by 4 foot deep hole was dug the center being the found iron pipe. No evidence of the record stone or other monuments was found in the excavation. The iron pipe was reset and was found to be:

2630.40 feet from the north quarter corner of Section 14

Analysis of the above information led the DNR Division of Lands and Minerals to conclude that the found iron pipe marks the location of the corner.

1865 U.S. General Land Office notes, obtained from the Secretary of State's Office, show the corner marked with a wood post in a mound with pits as per instructions.

No Page 208 of a Surveyor's Record Book, obtained from the Yellow Medicine County
Date Recorder's Office, contains a survey in Section 11 by John Norgaard. Survey shows a post at corner but does not indicate if it was found or set. The corner is shown:
2634.9 feet from the northeast corner of Section 14

No A right-of-way map for U.S. Trunk Highway 212, obtained from the MNDOT Office in St. Paul
Date shows an iron pin in place at corner. The corner is shown:
509.5 feet from POC Station 393+67.9
2630.5 feet from the northeast corner of Section 14

2005 July 20, a Certificate of Survey in Sections 13,14, 24 of Township 116 North, Range 40 West, obtained from Roy Marihart, LS 19092, shows a 1 1/2 inch iron pipe in place at corner. The corner is shown:
2630.02 feet from the northeast corner of Section 14

2007 November 19, the DNR Division of Lands and Minerals found a 1 1/4 inch inside diameter iron pipe, up 0.6 of a foot, next to a steel fence post at corner. The iron pipe was found to be:
2630.40 feet from the northeast corner of Section 14
2692.70 feet from the northwest corner of Section 14
68.24 feet south and 28.24 feet east of the lost position for corner

Analysis of the above information led the DNR Division of Lands and Minerals to conclude that the found iron pipe marks the location of the corner.

STATEMENT OF EVIDENCE

Northeast Corner Section 25, T116N-R40W

- 1858 W.J. Neely was contracted by the United States Government Land Office to perform the Original Public Land Survey of this township boundary. Neely records in his field notes that he, "set post corner to sect. 19, 24, 25 & 30 deposited coal made mound trench & pits as per instructions"
- 1919 John Norgaard, County Surveyor, records in the County Surveyor's Record Book, page 417, dimensions to this corner position but doesn't mention what type of monument was found.
- Nov. 11, 1931 John Norgaard, County Surveyor, records in the County Surveyor's Record Book, page 538, dimensions to this corner position but doesn't mention what type of monument was found.
- 1961 Minnesota Department of Transportation Highway Right of Way Map No. 3-62A, notes a "stone inp." and dimensions from the highway center line to this corner position.
- March 19, 1998 Duane A. Bonnema, LS 14895, notes "IP" at this corner position.
- Nov. 19, 2008 Matthew D. Runke, LS 46171, notes a "Found Iron Monument form former Survey" and dimensions to this corner position.
- Unknown Dates Roy Marhart, LS 19092, while performing surveys in Section 24 & 25 of T116N-R40W and Section 30 of T116-R39W notes he found and "Iron Pipe" at this corner position.
- Nov. 13, 2012 Matthew D. Runke, LS 46171, searched for and was unable to recover the Iron Monument at this corner position. Runke then probed an area extending 2.0' North, 2.0' South, 2.0' East and 2.0' West of the former Iron Monument location and found a 6"x6"x20" square cut stone lying flat. This stone is typical of the type of monument John Norgaard would have used to perpetuate section corner positions. This stone was apparently set in 1919 as part of his survey. The Minnesota Department of Transportation recovered this stone in 1961 as part of their survey work for the highway, and their record distance is within 2' of the current measurements between the stone and highway center line. This stone also fits well with the 1919 and the 1930 Norgaard Survey dimensions along the north line of Section 30, T116N-R39W. The 6"x6"x20" square cut stone appears to be the best evidence of the location of this section corner. An Iron Rod with a "46169 46171" stamped plastic cap was set along the North side of the stone.

E= 558076.394

LATITUDE (N) = 44°52'40.41439"
LONGITUDE (W) = 95°40'33.53038"

Coordinates derived by RTK GPS (MN VRS Correction)

Statement of Evidence for the North Quarter Corner of Section 09, T116N, R40W.

1865 - The Original Public Land Survey was performed by Davis & Webb.

December 22, 1894 - John Norgaard prepared a survey of Section 4. He states that the South Quarter corner of Section 4 is located on line and at equal distance between the Southeast and Southwest corners of Section 4. It does not state what monument is at the corner. The survey shows a distance of 2681 feet to the Southeast and Southwest corners of Section 4.

November 12, 2013 - Certificate of survey performed by Roy Marihart (R.L.S. 19092) shows a bearing and distance of N 89°49'48" W, 2680.20 feet to the Northwest corner of Section 9, a bearing and distance of S 89°49'55" E, 2679.99 feet to the Northeast corner of Section 9 and a bearing and distance of S 00°31'35" E, 5316.92 feet to the South Quarter corner of Section 9.

August 1, 2025 - O'Malley & Kron Land Surveyors, Inc. performed a survey in Section 9. The area of the corner was searched and a 1/2" rebar marked 19092 was found at the location shown on the Marihart survey.

Analysis - The Marihart monument fits well with the 1894 survey distances and is accepted as marking the corner location.

Leo A. Van Beck, Minnesota Registered Land Surveyor #62454	

STATEMENT OF EVIDENCE

East Quarter Corner of Section 14, T116N-R40W

- 1863** Chas E. Davis and J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis and Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1911** John Norgaard records in County Surveyors Record Book A, Page 230, dimensions to this corner but does not say what type of monument was found.
- Unknown** Minnesota Department of Transportation Highway Strip Map for State Project 8712, Alignment – Land Ties for Trunk Highway 212, page 3-62A notes this corner position and lists the station of the section line crossing but does not mention what type of monument was found.
- 1983** Byron Dahle, LS 10396, while performing a survey in Section 14, notes that he set a “2”x3’ iron pipe by data from state HWY #212 R/W map & occupation” at this corner position.
- 1993** Duane Bonnema, LS 14895, while performing a survey in Section 14, notes a “Found Iron Monument” at this corner position.
- Dec. 26, 2023** Joshua Stern, LS 46169, while performing a survey in Section 14, notes a “1.5” Iron Pipe” at this corner position.
- July 18, 2025** Leo A. Van Beck, LS 62454, found a 2” Iron Pipe which matches the monument set by Byron Dahle in 1983 at this corner position and the monument was left as it was found. No large scale excavation was performed at this corner position. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

North Quarter Corner of Section 15, T116N-R40W

- 1863** Chas E. Davis and J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis and Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1914** John Norgaard records in County Surveyors Record Book A, Page 423, “Located N ¼ post from survey made by me about 18 years ago” and dimensions to this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Section 15, notes that he “SET 5/8” REBAR WITH CAP STAMPED “RLS 19092” at this corner position.
- 2018** Matthew Runke, LS 46171, while performing a survey in Section 15, notes a “RLS 19092 Capped Iron” at this corner position.
- 2023** Joshua Stern, LS 46169, while performing a survey in section 15, notes a “RLS Yellow Capped Iron” at this corner position.
- July 24, 2025** Leo A. Van Beck, LS 62454, found an LS 19092 Capped Iron at this corner position. With the aid of a backhoe a 3.8’ deep hole was dug that covered an area extending 4’ North, 4’ South, 12’ East, and 5’ West of the location of the capped iron. No additional evidence indicating the exact location of this section corner was recovered.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 -- 46171 - 62454” stamped plastic cap at the location of the former LS 19092 Capped Iron. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

East Quarter Corner of Section 16, T116N-R40W

- 1863** Chas E. Davis and J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis and Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1914** John Norgaard records in County Surveyors Record Book A, Page 334, “Located on line and equal dist. set sec. corner. Set iron bar 3” + 1 ¼” 30” long” at this corner and dimensions to this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Section 16, notes that he “SET 5/8” REBAR WITH CAP STAMPED “RLS 19092” at this corner position.
- 2023** Joshua Stern, LS 46169, while performing a survey in Section 15, notes that he placed a “Bonnema Runke Stern Inc. Capped Iron Monument.” at this corner position.
- Aug. 20, 2025** Leo A. Van Beck, LS 62454, found a Survey Spike with a “LS 46169” Stamped Aluminum Washer at this corner position. With the aid of a backhoe a 6.4’ deep hole was dug that covered an area extending 6’ North, 6’ South, 3’ East, and 3’ West of the location of the Survey Spike. At a depth of 6.0’ a 1.25”x3”x27” Iron Bar was found which matches the monument that was set in 1914 by John Norgaard. At a depth of 3.5’ an old roadbed was found. At a depth of 6.0’ the original topsoil was found. The Survey Spike at the surface was located 0.93’ north and 1.08 feet east of the iron bar.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the location of the former 1.25”x3” Iron Bar. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 16, T116N-R40W

- 1863** Chas E. Davis and J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis and Webb record in their field notes that they “Set a post for corner to sections 9, 10, 15 & 16 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 57, “Located at equal proportional distance from the north ¼ post section 15, the north ¼ post section 16, the east ¼ post section 9, and the southeast corner section 16. Set top of monument 1” above ground” at this corner position. Norgaard also notes in his title block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”. Norgaard also notes in County Surveyors Record Book B, page 3, dimensions to this corner position.
- 1914** John Norgaard records in County Surveyors Record Book A, Page 334, dimensions to this corner but does not say what type of monument was found.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.A.P. 87-607-01, Sheet 3, notes the section corner is at “STA 63+15.3.” The plan sheet also notes ties to the corner but does not say what type of monument was found at this corner position.
- Unknown** Yellow Medicine County Highway Department records on a witness tie book for Stony Run Township, 6 section corner witness ties but does not say what type of monument was found at this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Section 16, notes a “PK NAIL” at this corner position
- Aug. 20, 2025** Leo A. Van Beck, LS 62454, found 0.5”x6” Spike at this corner position. With the aid of a backhoe a 3.4’ deep hole was dug that covered an area extending 4’ North, 3’ South, 3.5’ East, and 7.5’ West of the location of the 0.5”x6” Spike. At a depth of 1.2’ a 1.5”x1.5” Square Topped Rod was found. At a depth of 2.8’ a field stone measuring 1.0’x0.8’x0.5’ was found. At a depth of 3.4 a 6”x7” square cut jasper granite stone was found. The square cut stone matches the monument set by John Norgaard between 1899 and 1901 and is accepted as the best available evidence of the original section corner location. At a depth of 2.3’ an old roadbed was found. The spike found at the surface was located 0.67’ north and 0.07’ east of the square cut stone.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the location of the square cut jasper stone. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 17, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 8, 9, 16 & 17 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 57, “Located at equal proportionate distance from the north $\frac{1}{4}$ post section 16. The north $\frac{1}{4}$ post section 17. The east $\frac{1}{4}$ post section 17 and the northeast corner section 8. The distance from the east $\frac{1}{4}$ post section 8 would bring the corner to far north. Set top of monument 2” above ground” at this corner and dimensions to this corner position. Norgaard also notes in his title block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and notes dimensions to this corner position
- Unknown** County Surveyors Record Book A, Page 455, notes ties to the monument but does not say what type of monument was found.
- Unknown** Yellow Medicine County Highway Department records on a witness tie book for Stony Run Township, 4 section corner witness ties but does not say what type of monument was found at this corner position.
- May 30, 1989** Duane Bonnema, LS 14895, prepared a Certificate of Location of Government Corner and notes he “Found no evidence of former survey after digging large hole at the corner location.” He also notes he “Placed corner in harmony with local land lines. Placed $\frac{3}{4}$ ” capped I.P.” at this corner position. He also recorded 3 section corner witness ties.
- Aug. 4, 2025** Leo A. Van Beck, LS 62454, found a 0.75” Spike at this corner position and the monument was left as it was found. No large scale excavation was performed at this corner position as the corner certificate from 1989 indicated that a prior excavation had been conducted at this section corner location. The position of this corner was verified by using former County Surveyor records, and surveys, including 3 of the 3 section corner witness ties recorded by LS 14895 in 1989. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

North Quarter Corner of Section **18**, Township **116**, Range **40**

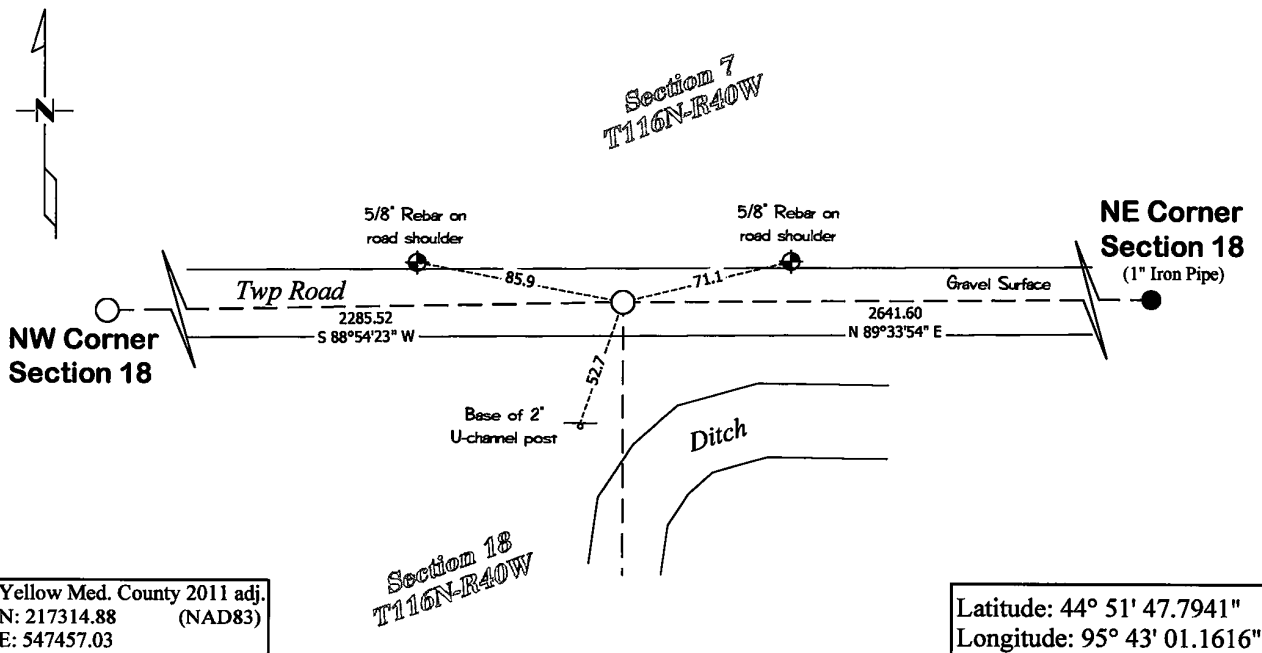

Fifth Principal Meridian, State of Minnesota, County of **Yellow Medicine**

At the corner location shown on the sketch:

On Oct. 18, 2024 found a Nothing
DATE

left monument as found lowered monument removed monument (explain)

On Oct. 25, 2024 placed a 5/8" x 15" Rebar with a 46169-46171-62454 Stamped Plastic Cap
DATE

Yellow Med. County 2011 adj.
N: 217314.88 (NAD83)
E: 547457.03

Latitude: 44° 51' 47.7941"
Longitude: 95° 43' 01.1616"

Statement of evidence for this corner location is on back of this page.

I hereby certify that this survey, plan, or report was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor under the laws of the state of Minnesota.

Signature Joshua M. Stern Date 11/26/26
Joshua M. Stern, Minnesota Registered Land Surveyor #46169

STATEMENT OF EVIDENCE

North Quarter Corner of Section 18, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1884** Jonah Peterman records in County Surveyors Record Book A, Page 26, that he “Found the quarter post” at this corner and dimensions to this corner position.
- 1958** The Minnesota Department of Natural Resources, while doing a survey in Section 9 state in their field notes that they found the NE & NW corners of Section 18 and set the NE 1/16 along the north line of Section 18.
- Oct. 18, 2024** Joshua M. Stern, LS 46169, searched the area with a metal locator, but did not find any surface monument at the corner position. Stern located the NE & NW corners of Section 18 and found the overall mile to match the 1958 DNR distances within a foot. With no other available evidence, Stern computed the position for the north quarter corner on the center line of the road at the proration of the 1958 DNR notes. This position fit use lines within the section. No large excavation was done, as this corner position is within the road surface.
- Oct. 25, 2024** Joshua M. Stern, LS 46169, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the 1958 DNR Position. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

Joshua M. Stern, Minnesota Registered Land Surveyor #46169

STATEMENT OF EVIDENCE

East Quarter Corner of Section 18, T116N-R40W

- 1865** Chas Edward Davis & Jas Watson Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb state in their field notes “Set a Post for $\frac{1}{4}$ Section Corner in Mound with Pits as per instructions”.
- Oct. 18, 2024** Joshua M. Stern, LS 46169, searched the area with a metal locator, but did not find any surface monument at the corner position. Stern located the NE & SE corners of Section 18 and with no other available evidence, Stern computed the corner position midway and online between the NE and SE corners of Section 18. This position fit use lines within the section. No large excavation was done, as this position is within the surface of the road.
- Oct. 25, 2024** Joshua M. Stern, LS 46169, set a 5/8” x 15” rebar with a plastic cap stamped “46169” at the computed position. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

Date 1/22/2026

STATEMENT OF EVIDENCE

Northeast Corner of Section 18, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 7, 8, 17 & 18 in mound with pits as per instructions.”
- 1884** Jonah Peterman records in County Surveyors Record Book A, Page 26, dimensions to the corner position but does not say what type of monument was found.
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 57, “Found stone at the intersection of roads. Set by adjoining landowner in the government mound at the time the corner were plain. Set top of monument level with ground.” Norgaard also notes in his title block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- 1958** Minnesota Conservation Department Division of Game & Fish notes a “Set R. R. Spike.” They also noted that they set 3 section corner witness ties.
- May 30, 1989** Duane Bonnema, LS 14895, while performing a survey in Section 17, prepared a Certificate of Location of Government Corner and notes he placed a “capped ¾” Iron Pipe in the intersection which position was verified by a 1884 survey” at this corner position. He also recorded 4 section corner witness ties.
- July 24, 2025** Leo A. Van Beck, LS 62454, found a 1” Iron Pipe at this corner position and the monument was left as it was found. No large scale excavation was performed at this corner position as the corner certificate from 1989 indicated that a prior excavation had been conducted at this section corner location. The position of this corner was verified by using former County Surveyor records, and surveys, including 1 of the 4 section corner witness ties recorded by LS 14895 in 1989. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

East Quarter Corner of Section 19, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for $\frac{1}{4}$ section corner in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, page 3, a map of Stony Run Township and dimensions to this corner position.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, searched with a metal locator and found no existing monumentation at this corner position. No large scale excavation was performed at this corner position as it lands within the road. The position of this corner was verified by using former County Surveyor records and occupation lines. A 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic was set on a straight line and at equal distance between the northeast and southeast corners of the section as recorded on County Surveyors Record Book B, Page 3. This matches well with an old fence line running along the quarter line in the east half of Section 20. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 19, T116N-R40W

- 1865** Chas. E Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 17, 18, 19 & 20 in mound with pits as per instructions.
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 58, “Found stake in the government mound. Set top of monument level with ground” at this corner and dimensions to this corner position. Norgaard also notes in his signature block at the beginning of County Surveyors Record Book B “The Monuments are jasper granite 2 feet long and 6”+6”.” Norgaard also notes in County Surveyors Record Book B, page 3 the township map and dimensions to this corner position.
- 1941-1960** Yellow Medicine County Highway Department records on a witness tie book for Stony Run Township that they recorded multiple section corner witness ties from 1941-1960.
- Unknown** County Survey Record Book A, Page 457, notes ties to the monument but does not say what type of monument was found.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. 85-C3, Sheet 6, notes stationing and distances to the monument but does not say what type of monument was found at this corner position.
- 1974** Yellow Medicine County Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 4, notes “Spike” at station 262+85.1 and list 3 section corner witness ties at this corner position.
- Aug. 19, 2025** Leo A Van Beck, LS 62454, found a “0.5”x6” Spike” at this corner position. With the aid of a backhoe a 5’ deep hole was dug that covered an area extending 3’ North, 3’ South, 8’ East, and 3’ West of the location of the spike. At a depth of 5.0’ a 6”x7” Square Cut Jasper Granite Stone was found matching the stone set by John Norgaard between 1889 and 1901 in the original government mound. At a depth of 5.0’ the original topsoil was also found.
- Jan. 8, 2026** Leo A Van Beck, LS 62454, set a PK Nail at the location of the Square Cut Jasper Granite Stone, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

North Quarter Corner of Section 19, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1961** Yellow Medicine County Highway Department records in a witness tie book for Stony Run Township, 2 section corner witness ties but does not say what type of monument was found at this corner position.
- 1974** Yellow Medicine County Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 4, notes “Spike” at station 236+18.9 and lists 3 section corner witness ties at this corner position.
- 2024** Joshua Stern, LS 46169, while performing a survey in Section 18, notes a “LS 19092 Iron Monument” at this corner position.
- Aug. 20, 2025** Leo A. Van Beck, LS 62454, found an “LS 19092” Capped Rebar at the position used by Stern in 2024. Additionally, a 0.5”x6” Spike was found about 24.4’ to the west of the Capped Rebar, at a position noted on the highway plans from 1974. With the aid of a backhoe a 4.5’ deep hole was dug that covered an area extending 3’ North, 2’ South, 5.5’ East, and 6’ West of the location of the 0.5”x6” Spike. At a depth of 2.8’ a 1.3’x0.8’x0.8’ field stone was found. At a depth of 3.6’ a 1.2’x0.9’x0.9’ pointed field stone was found underneath the first field stone and set standing upright. Additionally, fragments of wood lath were found on the east and west sides of the pointed stone. At a depth of 3.4’ the original topsoil was found. We then dug a 4.0’ deep hole that covered an area extending 2’ North, 3’ South, 4’ East, and 4’ West of the Capped Rebar. No additional evidence was found at this location. The pointed field stone was accepted as the best available evidence of the original quarter corner location.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a PK nail at the location of the pointed stone with wood lath fragments, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. This position is 0.96’ North and 22.10’ West of the “LS 19092” Capped Rebar that had been used in prior surveys and 1.25’ North and 2.34’ East of the 0.5” Spike. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 20, T116N-R40W

- 1865** Chas E. Davis & J. W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 16, 17, 20 & 21 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 58, “Located at the intersection of roads running north, south, east & west as according to testimony taken by me two years ago from the adjoining landowners are the place where the government corner used to be. Set top of monument 1” above ground” at this corner and dimensions to this corner position. Norgaard also notes in his signature block at the beginning of County Survey Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and dimensions to this corner position.
- 1914** John Norgaard records in County Surveyors Record Book A, Page 334, dimensions to the corner position but does not say what type of monument was found.
- Unknown** County Surveyors Record Book A, Page 455, notes ties to the monument but does not specify what type of monument was found.
- Unknown** County Surveyors Record Book A, Page 457, notes ties to the monument but does not specify what type of monument was found.
- 1941-1960** Yellow Medicine County Highway Department records on a witness tie book for Stony Run Township that they recorded multiple section corner witness ties from 1941-1960.
- Aug. 19, 2025** Leo A. Van Beck, LS 62454, found a 0.5”x6” Spike at this corner position. With the aid of a backhoe a 3.8’ deep hole was dug that covered an area extending 3’ North, 3’ South, 5.5’ East, and 6’ West of the location of the spike. At a depth of 2.0’ fragments of a wood lath with small nails was found. At a depth of 2.3’ an old roadbed was found. At a depth of 3.4’ a 5”x6” Square Cut Jasper Granite Stone was found which matches the monument set by John Norgaard in 1899-1901. The spike found at the surface was 2.11’ south and 1.28’ east of the square cut stone.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a PK Nail at the location of the Square Cut Jasper Granite Stone, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

- July 22, 2025** Leo A. Van Beck, LS 62454, found no existing monumentation at this corner position. With the aid of a backhoe a 3.6’ deep hole was dug that covered an area extending 5.5’ North, 7.5’ South, 4.5’ East, and 2’ West of the intersection of the road centerline and the remnant fence to the west. At a depth of 3.6’ the original topsoil was found. No additional evidence indicating the exact location of this section corner was recovered.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap on a straight line and in line with the remnant fence line to the west which matches well with occupation lines in both sections. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

East Quarter Corner of Section **21**, Township **116**, Range **40**
Fifth Principal Meridian, State of Minnesota, County of **Yellow Medicine**

At the corner location shown on the sketch:

- On July 22, 2025 found a 5/8" Capped Iron Rod
DATE
- left monument as found lowered monument removed monument (explain)
- On Jan. 9, 2026 placed a 5/8" x 15" Rebar with a 46169-46171-62454 Stamped Plastic Cap
DATE
 at location of 5/8" Rebar

Yellow Med. County 2011 adj.
 N: 209368.77 (NAD 83)
 E: 560790.18

Latitude: 44° 50' 29.0016"
 Longitude: 95° 39' 56.3784"

Statement of evidence for this corner location is on back of this page.

I hereby certify that this survey, plan, or report was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor under the laws of the state of Minnesota.

Signature *Leo A. Van Beck* Date 1-22-2026
 Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

STATEMENT OF EVIDENCE

East Quarter Corner of Section 21, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1972** Yellow Medicine County Highway Engineer Road Plans for County Road No.5, County Project No. 72-B4, Sheet 5, notes “1/4 Corner” at station 143+63.9 but does not say what type of monument was found at this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes a “SET 5/8” REBAR WITH CAP STAMPED “RLS 19092” at this corner position.
- 2023** Joshua Stern, LS 46169, while performing a survey in Section 22, notes a “Found Iron Monument from former survey.”
- July 22, 2025** Leo A. Van Beck, LS 62454, found a 5/8” Rebar at this corner position. With the aid of a backhoe a 1.5’ deep hole was dug that covered an area extending 4’ North, 10’ South, 3’ East, and 3’ West of the location of the 5/8” Rebar. A second hole measuring 6’x12’ was dug at a position centered about 18’ north of the 5/8” Rebar which was indicated by stationing from the 1972 County Project No. 72-B4 plans. No additional evidence indicating the exact location of this section corner was recovered. The highway department personnel that were present stated that they recalled putting tiling down the centerline of this road at some point in the past which would have destroyed any original evidence of the section corner location.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic at the location of the 5/8” Rebar. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 21, T116N-R40W

(Page 1 of 2)

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 15, 16, 21 & 22 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 58, “Found stake set by all the adjoining landowners several years ago at the intersection of roads running north, south, east & west. Set top of monument 1” above ground.” at this corner and dimensions to this corner position. Norgaard also notes in his signature block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and dimensions to this corner position.
- 1914** John Norgaard records in County Surveyors Record Book A, Page 334, dimensions to the corner but does not say what type of monument was found.
- Unknown** County Surveyors Record Book A, page 455, notes ties to section corner.
- 1930** John Norgaard records in County Surveyors Record Book A, Pages 326, ties to the monument but does not say what type of monument was found.
- 1964** Yellow Medicine County Highway Department notes in a tie book for Stony Run Township, 3 section corner witness ties.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheets 6, notes “Sec. Cor. Assumed” at station 369+28.8 and lists 3 section corner witness ties.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 8, County Project No. S.P. 87-607-01, Sheets 3, notes “Section Corner Assumed” at station 10+00 and list 3 section corner witness ties.
- 1972** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. 72-B4, Sheet 5, notes ties and stationing to the corner but does not say what type of monument was found at this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes a “PK NAIL” at this corner position.
- Aug. 19, 2025** Leo A. Van Beck, LS 62454, found a Survey Spike & Washer at this corner position. With the aid of a backhoe a 2.8’ deep hole was dug that covered an area extending 3’ North, 2’ South, 6’ East, and 6’ West of the location of the spike. At a depth of 1.2’ a 0.5”x6” spike was found lying flat. At a depth of 2.3’ a 6”x6” Square Cut Jasper Granite Stone was found which matches the monument set by John Norgaard in 1899-1901. The spike found at the surface was 0.93’ North and 0.84’ East of square cut stone.

STATEMENT OF EVIDENCE

North Quarter Corner of Section 21, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- 1914** John Norgaard records in County Surveyors Record Book A, Page 334, “Located at equal dist. set sec. corner and 14 feet north of line in road grade as agreed to by all interested parties” at this corner and dimensions to this corner position.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 6, notes “spike” at station 342+68.7 and lists 2 section corner witness ties at this corner position.
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes he set a “5/8” Rebar with cap stamped “RLS 19092” at this corner position.
- Aug. 20, 2025** Leo A. Van Beck, LS 62454, found 0.5”x6” Spike at this corner position. With the aid of a backhoe a 6.5’ deep hole was dug that covered an area extending 3’ North, 3’ South, 4’ East, and 9’ West of the location of the 0.5” Spike. A second hole was dug to a depth of 5.3’ which was 6’ wide and extended to 20’ south of the 0.5” Spike. No additional evidence indicating the exact location of this section corner was recovered.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a PK Nail at a computed position 2658’ west of the NE corner of and 14’ north of a straight line between the NE and NW corners of Section 21 per CSRB-A, Page 334. A 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. This position matches occupation lines being used in Section 16, and dimensions from this survey along the east line of Section 16 are within a foot of the measured distance. The 0.5” Spike found at the surface was 5.75 feet northerly and 2.68 feet easterly of this computed position. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE
East Quarter Corner of Section 22, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- Unknown** Jonah Peterman records in County Surveyors Record Book A, Page 24, that he “Found all of the quarter posts and the section corners” at this corner and dimensions to this corner position.
- 1930** John Norgaard records in County Surveyors Record Book A, Page 326, dimensions to the corner position but does not say what type of monument was found.
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes he “SET 5/8” REBAR WITH CAP STAMPED “RLS 19092”.” at this corner position.
- 2023** Josh Stern, LS 46169, while performing a survey in Section 22, notes a “Found Iron Monument from former survey” at this corner position.
- July 22, 2025** Leo A. Van Beck, LS 62454, found a 5/8” Rebar at this corner position. With the aid of a backhoe a 2.2’ deep hole was dug that covered an area extending 5’ North, 6’ South, 3’ East, and 3’ West of the location of the 5/8” Rebar. No additional evidence indicating the exact location of this section corner was recovered. During the course of our field work, we searched for stones at the 1/16th corners and center of section as notes on CSRB-A, pages 24 & 326 and none were found.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic at the location of the 5/8” Rebar. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 22, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 14, 15, 22 & 23 in mound with pits as per instructions.”
- Unknown** Jonah Peterman records in County Surveyors Record Book A, Page 24, that he “Found all of the quarter posts and the section corners” at this corner and dimensions to this corner position.
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 58, that he “Found stake in the government mound. Set top of monument 1” above ground. Norgaard also notes in this signature block at the beginning of County Surveyors Record Book B that “The monuments are jasper granite 2 feet long and 6”x6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and notes dimensions to this corner.
- 1930** John Norgaard notes in County Survey Record Book A, Page 326, he “Found monument 0.8’ below grade put stone on top. Norgaard also notes ties to this corner.
- 1960** Yellow Medicine County Highway Department records in a witness tie book for Stony Run Township 3 section corner witness ties.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 7, notes “Spike” at station 422+22.7 and lists 2 section corner witness ties at this corner position.
- 2004-2013** Roy Marihart, LS 19092, performed surveys in the following years: 2004 in Sections 15 & 22, 2013 in Section 15. On these surveys he notes a “IRON IN PVMT” at this corner position.
- 2023** Joshua M. Stern, LS 46169, performed multiple surveys in Section 14, Section 15, and Section 22. On these surveys he notes “Reset PK Nail at location of 1” iron rod found in 2018” at this corner position.
- Aug. 19, 2025** Leo A. Van Beck, LS 62454, found a railroad spike at this corner position. With the aid of a backhoe a 4.8’ deep hole was dug that covered an area extending 2’ North, 4’ South, 9’ East, and 6’ West of the location of the railroad spike. At a depth of 1.3’ a 0.5”x6” Spike was found laying flat. At a depth of 4.1’ a 6”x6” Square Cut Jasper Granite Stone was found with a wood stake set next to it. This matches the monument set in the government mound by John Norgaard between 1899 and 1901.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a PK Nail at the location of the Square Cut Jasper Granite Stone, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

STATEMENT OF EVIDENCE

East Quarter Corner of Section 23, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- Unknown** Jonah Peterman records in County Surveyors Record Book A, Page 24, that he “Found all of the quarter posts and the section corners” and dimensions to this corner position.
- 1930** John Norgaard records in County Surveyors Record Book A, page 326, dimensions to this corner position but does not say what type of monument was found.
- July 22, 2025** Leo A. Van Beck, LS 62454, found a 3/8” Capped Rebar set next to a 6” Spike at this corner position. With the aid of a backhoe a 5.1’ deep hole was dug that covered an area extending 6’ North, 7’ South, 3’ East, and 3’ West of the location of the Capped Rebar. At a depth of 2.4’ a 2”x13.5” Iron Pipe was found. This monument appeared to have existed prior to the LS 19092 Capped Rebar and spike. The position of the capped rebar found at the surface was 3.64’ north and 0.11’ west of the 2” Iron Pipe.
- Jan. 8 , 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic at the location of the 2” Iron Pipe as this fits much better with the dimensions from CSRB-A, page 326 and occupation lines in Sections 23 & 24. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

Alipio J. Fischer

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

Northeast Corner of Section **23**, Township **116**, Range **40**

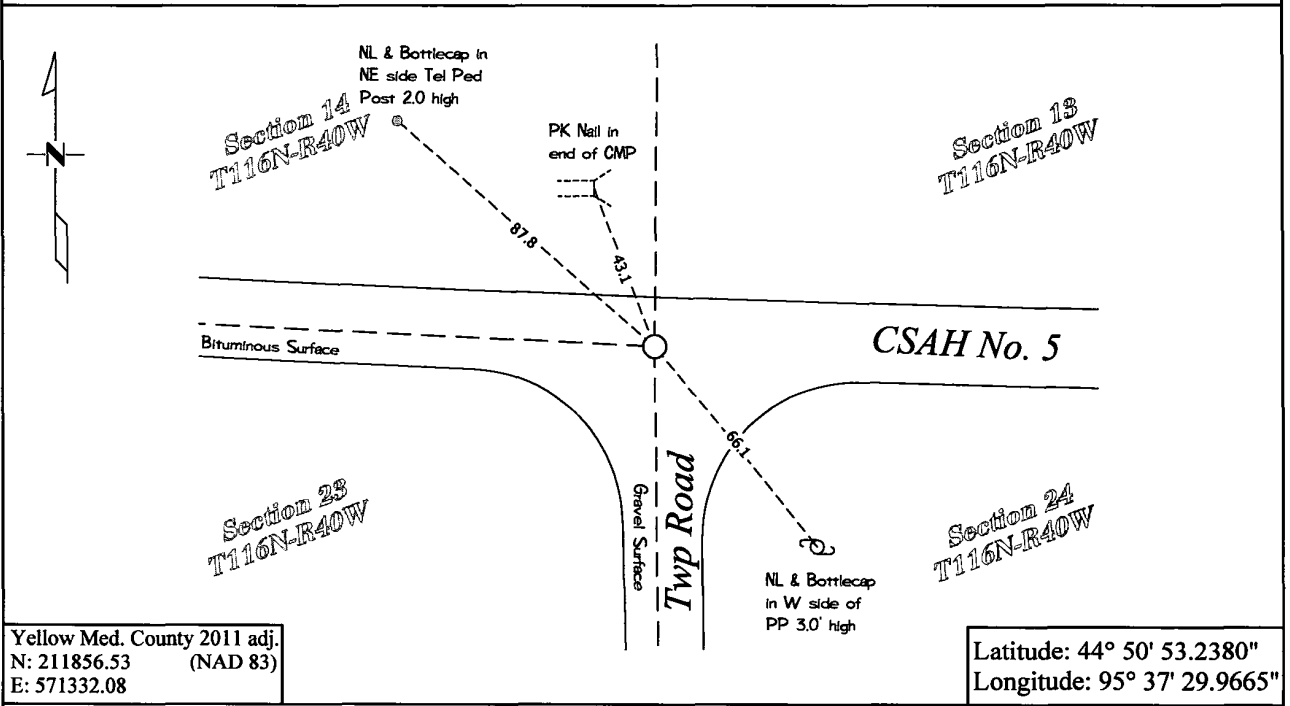

Fifth Principal Meridian, State of Minnesota, County of **Yellow Medicine**

At the corner location shown on the sketch:

On Aug. 19, 2025 found a 1/2" Spike, 6"x6" Square Cut Jasper Stone
DATE

left monument as found lowered monument removed monument (explain)

On Jan. 8, 2026 placed a PK Nail - A 5/8" x 15" Rebar with a 46169-46171-62454 Stamped Plastic Cap
DATE will be set following road construction in 2026

Yellow Med. County 2011 adj.
N: 211856.53 (NAD 83)
E: 571332.08

Latitude: 44° 50' 53.2380"
Longitude: 95° 37' 29.9665"

Statement of evidence for this corner location is on back of this page.

I hereby certify that this survey, plan, or report was prepared by me or under my direct supervision and that I am a duly Licensed Land Surveyor under the laws of the state of Minnesota.

Signature *Leo A. Van Beck* Date 1-22-2026
Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

STATEMENT OF EVIDENCE

Northeast Corner of Section 23, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 13, 14, 23 & 24 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 58, that he “Found stone set by John Mooney in the government mound. Set top of monument 2” above ground” at this corner and dimensions to this corner position. Norgaard also notes in his signature block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- Unknown** County Surveyors Record Book A, Page 455, notes ties to the monument but does not say what type of monument was found.
- 1930** John Norgaard records in County Surveyors Record Book A, Page 326, that “Mont dug out at road construction. Ties taken before road construction. Found stump of T. pole NW 36 and used fence line running north. Norgaard also lists out the new ties for the corner.
- 1960** Yellow Medicine County Highway Department records in a witness tie book for Stony Run Township 3 section corner witness ties.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 8, notes “Spike” at station 475+16.4 and list 2 section corner witness ties at this corner position.
- Unknown** Minnesota Department of Transportation Highway Strip Map No. S.P. 8712, sheet 3-62A for State Trunk Highway 212 notes “Fe. & Rd. Int.” and lists the station of the section line crossing and lists the distance from this corner to the centerline crossing but does not mention what type of monument was found.
- Aug. 19, 2025** Leo A. Van Beck, LS 62454, found a 0.5” Spike at this corner position. With the aid of a backhoe a 4.7’ deep hole was dug that covered an area extending 3’ North, 3’ South, 6.5’ East, and 5.5’ West of the location of the Spike. At a depth of 4.0’ a 6”x6” Square Cut Jasper Granite Stone was found with a 0.5’x0.8’x1.0’ field stone laying on top of it. This matches the monument set by John Norgaard between 1899 and 1901 at the location of the government mound. This spike found at the surface was 2.17’ north and 0.59’ west of the square cut stone.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a PK Nail at the location of the Square Cut Jasper Stone, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

 Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

STATEMENT OF EVIDENCE

North Quarter Corner of Section 23, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for ¼ section corner in mound with pits as per instructions.”
- Unknown** Jonah Peterman records in County Surveyors Record Book A, Page 24, that he “Found all of the quarter posts and the section corners” and dimensions to this corner position.
- 1930** John Norgaard records in County Surveyors Record Book A, Page 326, that he “Used center of grade ¼ post about 38 feet north of line” at this corner and dimensions to this corner position.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. S.P. 87-605-01, Sheet 8, notes ties and stationing to the monument but does not say what type of monument was found at this corner position.
- May 11, 1983** Byron Dahle, LS 10396 records in a field book that he “Set 2”x3’ Iron Pipe By Prorating To Old Survey Records In The Yellow Medicine Co. Recorder’s Office” at this corner position.
- May 16, 1983** Byron Dahle, LS 10396, while performing a survey in Section 14, notes he set an “Iron Pipe Monument placed with Minnesota Reg. 10396” at this corner position.
- Dec. 26, 2023** Joshua Stern, LS 46169, while performing a survey in Section 14, notes a “Found Iron Monument from former survey”.
- Aug. 19, 2025** Leo A. Van Beck, LS 62454, found a 1.5” Iron Pipe set by Byron Dahle in 1983 at this corner position. Additionally a ½” Iron Rod was found which had been used in the 2023 survey by LS 46169. With the aid of a backhoe a 4.4’ deep hole was dug that covered an area extending 1.5’ North, 1.5’ South, 4’ East, and 7.5’ West of the location of the 1.5” Iron Pipe. Another hole was dug at the road centerline which measured 6’x12’ and covered the distances measured from the various highway plans and county survey records. No additional evidence indicating the exact location of this section corner was recovered. The position as monumented by Dahle in 1983 had been computed using surface monuments at the NE and NW corners of Section 23. After excavating both the NE and NW corners, we found Square Cut Jasper Granite Stones which were not at the same location as the surface monuments used by Dahle. Additionally, after analyzing county survey records and historical aerial imagery, and occupation lines, we positioned this corner at the prorated dimensions as found on County Survey Record Book A, Page 326 and on the centerline of the highway which fits occupation lines in Sections 14 and 23 very good. This position is 13.28’ north and 2.08’ feet east of the 1.5” Iron Pipe, and 1.78’ south and 23.99’ east of the ½” Rebar.
- Jan. 8, 2026** Leo A. Van Beck, LS 62454, set a PK Nail at this location, and a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap will be set following road construction that is scheduled for 2026. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 26, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 23, 24, 25 & 26 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 59, that he “Found stake in the government mound. Set top of monument level with ground” at this corner and dimensions to this corner position. Norgaard also notes in his title block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- 1930** John Norgaard records in County Surveyors Record Book A, Page 509, dimensions to this corner position and lists ties but does not say what type of monument was found.
- Unknown** Yellow Medicine County Highway Department records in a witness tie book for Stony Run Township 4 section corner witness ties.
- Mar. 13, 2025** Bonnema Runke Stern Inc., while surveying in Section 25, noted a “0.5INCH IR” at this corner position.
- July 22, 2025** Leo A. Van Beck, LS 62454, found a 0.5”x9” Rebar set next to a nail at this corner position. With the aid of a backhoe a 2.0’ deep hole was dug that covered an area extending 3.5’ North, 3.5’ South, 6.5’ East, and 6’ West of the location of the rebar. At a depth of 1.0’ a 7”x5” Square Cut Jasper Granite Stone was found which matches the monument set by John Norgaard in the government mound between 1899 and 1901. The rebar found at the surface was 0.69’ south and 3.41’ east of the square cut stone.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 6” Rebar with a “46169 – 46171 - 62454” stamped plastic at the location of the Square Cut Jasper Granite Stone. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE
North Quarter Corner of Section 26, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for $\frac{1}{4}$ section corner in mound with pits as per instructions.”
- Unknown** Jonah Peterman records in County Surveyors Record Book B, Page 24, that he “Found all of the quarter posts and the section corners.” and dimensions to this corner position.
- 1899-1901** John Norgaard records in County Surveyors Record Book B, page 3, a map of Stony Run Township and dimensions to this corner position.
- July 22, 2025** Leo A. Van Beck, LS 62454, found an LS 19092 Capped Rebar at this corner position as well as a 0.5” rebar located about 4.3’. With the aid of a backhoe a 3.8’ deep hole was dug that covered an area extending 3’ North, 3’ South, 6’ East, and 8’ West of the location of the Capped Rebar. At a depth of 2.5’ a 12”x8”x4” pointed granite stone was found standing upright. At a depth of 2.6’ the original topsoil was found. The LS 19092 Capped Iron was found 0.67’ south and 0.35’ east and the 0.5” Rebar was found 2.16’ north and 2.71’ west of the pointed stone.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the location of the pointed granite stone. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

Northeast Corner of Section 27, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 22, 23, 26 & 27 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 59, that he “Located at equal proportional distance east & west from the north ¼ post section 26 and the north west corner section 27 and in the center of road running east to west. Set top of monument level with ground” at this corner and dimensions to this corner position. Norgaard also notes in his signature block at the beginning of County Survey Record Book B “The monuments are jasper granite 2 feet long and 6”x6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and dimensions to this corner.
- 1930** John Norgaard records in County Surveyors Record Book A, page 326, dimensions to this corner position but does not say what type of monument was found.
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes a “FOUND CORNER MONUMENT (REBAR)” at this corner position.
- 2017-2021** Daniel Bueltel, LS 43844, performed surveys in the following years: 2017 in Section 27, 2021 in Section 26. On these surveys he notes a “½” IRON” at this corner position.
- July 22, 2025** Leo A. Van Beck, LS 62454, found a 0.5” Rebar at this corner position. With the aid of a backhoe a 2.0’ deep hole was dug that covered an area extending 4’ North, 2’ South, 5’ East, and 6’ West of the location of the 0.5” Rebar. At a depth of 1.2’ a 6”x7” Cut Jasper Granite Stone was found which matches the monument set by John Norgaard in 1899-1901. The rebar found at the surface was located 0.76’ south and 0.51’ west of the square cut stone.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 6” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the location of the Square Cut Jasper Granite Stone. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

North Quarter Corner of Section 27, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “ Set a post for ¼ section corner in mound with pits as per instructions.”
- 2004** Roy Marihart, LS 19092, while performing a survey in Sections 15 & 22, notes a “SET 5/8” REBAR WITH CAP STAMPED “RLS 19092” at this corner position.
- 2017** Daniel Bueltel, LS 43844, while performing a survey in Section 27, notes a “1/2” IRON W/ SEAL #19092” at this corner position.
- 2023** Joshua Stern, LS 46169, while performing a survey in Section 22 , notes a “Yellow Cap Iron Rod” at this corner position.
- Feb. 6, 2025** Leo A. Van Beck, LS 62454, found a Capped Rebar at this corner position and the monument was left as it was found. No large scale excavation was performed at this corner position as it lands within the road. The position of this corner was verified by using former surveys. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

Leo A. Van Beck, Minnesota Registered Land Surveyor #62454

STATEMENT OF EVIDENCE

Northeast Corner of Section 29, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 20, 21, 28 & 29 in mound with pits as per instructions.”
- 1899-1901** John Norgaard records in County Surveyors Record Book B, Page 59, that he “Found stake in the government mound. Set top of monument level with ground” at this corner and dimensions to this corner position. Norgaard also notes in his title block at the beginning of County Surveyors Record Book B “The monuments are jasper granite 2 feet long and 6”+6”.”
- Unknown** County Surveyors Record Book A, Page 455, notes ties to the monument but does not say what type of monument was found.
- July 22, 2025** Leo A. Van Beck, LS 62454, searched this area with a metal locator and found no existing monumentation at this corner position. With the aid of a backhoe a 4.3’ deep hole was dug that measured 9’x13’ and covered the center of the road intersection. No additional evidence indicating the exact location of this section corner was recovered. After excavation, testimony was received from a landowner in Section 20 where he claimed to have witnessed this intersection being dug open for some type of construction in the past. This likely would have destroyed any available evidence of the section corner location.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the intersection of the road centerlines by practical location. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE
North Quarter Corner of Section 29, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for $\frac{1}{4}$ section corner in mound with pits as per instructions.”
- July 24, 2025** Leo A. Van Beck, LS 62454, searched the area with a metal locator and found no existing monumentation at this corner position. With the aid of a backhoe a 3.2’ deep hole was dug that covered an area extending 3’ North, 3’ South, 5’ East, and 5’ West of the intersection of the occupation lines and road centerline. No additional evidence indicating the exact location of this section corner was recovered.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 15” Rebar with a “46169 – 46171 - 62454” stamped plastic cap in line with the remnant fence line and historic use berm to the north and on a straight line between the NE and NW corners of Section 29. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE
Northeast Corner of Section 30, T116N-R40W

- 1865** Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they “Set a post for corner to sections 19, 20, 29 & 30 in mound with pits as per instructions.”
- 1899-1901** John Norgaard notes in County Survey Record Book B, Page 59, that he “Found stake at the intersection of roads set by adjoining landowners when the government corner were plain. Set top of monument level with ground” at this corner and dimensions to this corner position. Norgaard also notes in his title block at the beginning of County Surveyors Record Book B that “the Monuments are jasper granite 2 feet long and 6”+6”.”
- 1899-1901** County Surveyors Record Book B, page 3, contains a map of Stony Run Township and dimensions to this corner.
- Unknown** Yellow Medicine County Highway Engineer Road Plans for County Road No. 5, County Project No. 85-C3, Sheet 4, notes ties and stationing but does not say what type of monument was found at this corner position.
- July 22, 2025** Leo A. Van Beck, LS 62454, found a railroad spike at this corner position. With the aid of a backhoe a 3.6’ deep hole was dug that covered an area extending 7’ North, 6’ South, 3’ East, and 3’ West of the location of the railroad spike. At a depth of 0.5’ a 1”x18” Mushroomed Iron Rod was found. At a depth of 1.0’ a 7/8”x12” Spiral Shank Spike was found. At a depth of 2.2’ a 3”x10”x11” field stone was found lying flat. At a depth of 2.5’ an 8”x10”x10” field stone was found standing upright. At a depth of 3.3’ a 6”x7” Square Cut Jasper Granite Stone was found which matched the monument set by John Norgaard in the government mound between 1899 and 1901.
- Jan. 9, 2026** Leo A. Van Beck, LS 62454, set a 5/8” x 6” Rebar with a “46169 – 46171 - 62454” stamped plastic cap at the location of the Square Cut Stone. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.

STATEMENT OF EVIDENCE

North Quarter Corner Section 30, T116N-R40W

1865

Chas E. Davis & J.W. Webb were contracted by the United States Government Land Office to perform the Original Public Land Survey in this township. Davis & Webb record in their field notes that they "Set a post for $\frac{1}{4}$ section corner in mound with pits as per instructions."

Jan. 9, 2026

Leo A. Van Beck, LS 62454, searched with a metal locator and found no existing monumentation at this corner position. No large scale excavation was performed at this corner position as it lands within the township road. A 5/8" x 15" Rebar with a "46169 – 46171 - 62454" stamped plastic was set on a straight line between the northeast and northwest corners of Section 30 and in line with the remnant fence corner to the south. The coordinates of this section corner were recorded in the Minnesota Department of Transportation Yellow Medicine County Coordinate System (2011 Adjustment). The latitude and longitude coordinates listed were derived using MNCON software.
